State Deputy Message—Stanley Glowaski

It is hard to believe that the first three months of being a State Deputy are gone. It has been an interesting 3 months, with running my first seminar, to attending my first ever Supreme convention and now writing my first article for the state newsletter. My message is going to be two fold yet simple. First, Recruit---RECRUIT---RECRUIT. But do it for all the right reasons. Recruit to strengthen our church because if we as catholic gentlemen don't stand up and voice our opinions especially when our religious freedoms keep being attacked then no one will. Recruit in support of our priests; once again the media has a field day every time something comes to light about a catholic priest, who better to defend the priest that are never in the press than the Knights of Columbus. Recruit to strengthen our councils and communities; with more members we can do even more good works for the many other worthy charities we support. (Habitat for Humanity, Coats for Kids, Special Olympics, ARC of PA, just to name a few) as well as locally supported charities. Our councils could do so much more for with increased numbers. Strong councils will lead to stronger districts which will lead to stronger regions which will lead to a much stronger state. CONTINUED ON PAGE 2

STATE DEPUTY MESSAGE CONTINUED

Retention needs to be stepped up as over these past three months I have been amazed by the number of suspension notices that we have received. It is time we remind all of our members of what we stand for and what our degrees really mean. Remind them of the family items we do, Family of the Month/Year, Free throw and Soccer challenges for the kids and Scholarship opportunities just to mention some of the state items not to mention anything the councils and regions do. Remind them of the various other programs such as Keep Christ in Christmas, ARC campaigns, Special Olympics, Bishops projects and various other charities we support. Remind them that at some point in time there was something that had drawn them into becoming a Knight and remind them that item is still here. All members need to remember the lessons we all learned of unity and stay unified in the common bond we have as Knights. Losing one member should feel just like losing a family member. Let's do everything we can to strengthen our councils through recruiting and retention making our Jurisdiction of Pennsylvania once again the strongest state in the order.

STATE CHAPLAIN REPORT

Dear Brother Knights,

As I was thinking what to write to you I asked the Grand Knight of my Council what he thought you would like read about? He suggested that since the Keystone Knight comes out in October, I should mention something about Christopher Columbus. Along with that, he suggested that I talk about the Holydays of our Catholic Faith. Since he is a wise man, I thought that I would follow his advice.

As I mentioned to the District Deputies at their July workshop, a big concern in our Universal Catholic Church is dealing with Evangelization and how all members of our Faith Communities should take an active part in spreading the Good News. The best way that we can accomplish this is by the example that we set in our words and deeds. Now if you need a specific example to follow, just look at the brave

explorer who our fraternal organization is named after Christopher Columbus. He was a layman, just like you his faith and example led him through uncharted waters to the new world. Not only did he first bring that Catholic Faith to this new world by dedicating his discovery to God (naming the first island that he arrived to, San Salvador) and crown, but he also was sure that a Catholic Priest was part of his second journey of explorers to meet the spiritual needs of him, his crew and the colonist that accompanied them. This is Evangelization at its best and if he is able to do this, so can we, by the Grace of God.

An extra source of this Grace is the celebration of the Eucharist and doing this on the Holy Days give us extra opportunities to be with the God that we love. Here in the United States, our Catholic Faith Community has six [6] Holydays and presuming that the next issue of the Keystone Knight doesn't come out until mid January, we will be celebrating four of them through out this time period. November 1st, All Saints Day allows us to remember each and every individual that doesn't get it own day in the Liturgical Calendar, especially those individuals in our own lives (parents, grandparents, siblings, relatives and friends) who have gone before us in the Sign of Faith. December 8th The Solemnity of the Immaculate Conception allows us to remember The Blessed Virgin, the First of Believers who's "Yes" that gave the world it Savior. December 25th The Birth of Christ, the focus of the Knights of Columbus' campaign to Keep Christ in Christmas and finally January 1st the Solemnity of Mary, the Mother of God. With all of this support behind us, especially as we experience it through the Knight of Columbus councils that we belong to, we can be faithful members of our Catholic Church, good evangelizers of our Faith and worthy instruments in the hands of God. Please be assured of my prayers daily.

Vivat Jesus!

Fr. Pierre "Bud" Falkenhan ,State Chaplain

“One Featured Program, Per Council, Per Month”

By Gary Damich

PA State Program Director

It seems that every aspect of the Knights of Columbus today is the power of one. This power of one concept has been proven to work for the order. Hopefully with your implementation of these concepts, at your council level, they will help your council to grow and bring family, faith, and charitable needs to your Church and Community. This concept was presented to the membership to show that by planning your goals, one at a time, the power of one will eventually move the council to obtain its goal of Star Council.

The key to success is to take the advice of the power of one and use it.

Be patient, start with baby steps!

In August the Grand Knights were asked to set up their Success Planners with scheduled programs for the next fraternal year. This was the first step towards the council goal of Star Council. Then in September the Grand Knights were asked to contact their field or general agent to make them aware of the council goal to obtain Star Council. This advance notice allows them to make sure they are working to help the council to achieve its insurance member quota. The council must continue to keep in contact with the agent and make sure the agent is working for the council. The Grand Knight at that time was given information about one of the eight featured programs at supreme. The membership should have been updated on the Special Olympics by the Grand Knight. In October the Grand Knight is reminded of the importance of submitting paperwork that has not been sent to supreme. The Grand Knight will also be informed on the Ultrasound Initiative featured program to present to the membership. Every month the Grand Knight will be informed about each of the featured programs to present to the membership. They will also be sent updates on what needs to be done to stay on track for Star Council.

There are only eight featured programs at supreme. With Christmas, Easter, and Councils not active July and August, we need to plan our programs early by using our Success Planners. We all may not have the means to implement the featured programs, but there are a lot of others available through the State Council. Please use the State website (www.pakofc.us) and the Supreme website (www.kofc.org) for details, advice, and direction on programs available. Don't be shy, contact the designated chairman for your program of interest and ask for their assistance. If not the chairman, ask your council District Deputy. He has knowledge of programs available and has access to information on them and how to conduct them.

In conclusion, I am asking all of you to reach out to the many struggling councils and help them to move forward by combining projects. With this extra support and numbers they will be more visible in their Church and Community. This council will then eventually obtain more good men to spread our works of Charity, Unity, Fraternity, and Patriotism. We all need to work together to fight this constant attack on our Catholic Faith. Through visibility in our Church and Community, using programs, new members WILL come and we will regain the respect of the others.

Establishing and Reporting Parish Round Tables

Bill Hilderhoff, State Round Table Chairman

Our founder, the Venerable Michael J. McGivney, had the vision to see a Knights of Columbus presence in every parish. Supreme Knight, Carl A. Anderson, also addressed this as a goal at a meeting of State Deputies. How can these goals be achieved? They may be established in one of two ways: by the institution of a new council or by the establishment of the parish Round Table program.

There are hundreds of parishes throughout the state that desperately need our support more than ever before. Why aren't there more councils to meet Fr. McGivney's vision? One possibility is a parish may not (initially) have enough men to form a council. If a parish cannot sustain a council, then why not form a Round Table? This can be an easy process, and easier than establishing a council.

There are just a few basic steps to establish a Round Table: first, decide what area parishes your council could serve, meet with the pastor, let him know the benefits of a Round Table, and obtain his approval. I can't image a pastor turning down help, can you? The pastor only has to be involved as he wants to be. A Round Table should lighten his load, not add to it. Communicate the presence of a Round Table throughout the parish, especially after it has been established.

Two forms are available that provide information about a Round Table: (1). "*Parish Round Table Initiative*" [#4519]; and (2). "*Parish Round Table Guidelines*" [#2632].

After a Round Table Coordinator is appointed and appropriate forms are completed, there are only two reports involved in the operation: (1). "*Report of Round Table Coordinator*" [#2629]; and (2). "*Annual Report Knights of Columbus Round Table*" [#2630].

The "Report of Round Table Coordinator" [#2629] should be submitted to the Supreme Council as soon as the Round Table is formed. There is no need to delay submission. Copies are sent to the State Deputy, District Deputy, and Round Table Chairman.

Round Table reporting and instructions may be found in the "*Council Reports Forms*" booklet [#1436] and online [kofc.org/forms]. You can order brochures through your "*Supply Catalog*" [#1264]. If you already have Round Tables established in your area please remember to report them on the appropriate forms so information is up-to-date.

Now, isn't that easy? When a Round Table is established and men see the opportunities to serve their pastor and Church, they may be more prone to joining or forming a council, this is how our Order can grow. So, why not consider forming a Round Table in your area and help us achieve Fr. McGivney's vision and our Supreme Knight's goal? It is everyone's responsibility and, we know you can be counted on. Can you think of a better way to serve our Church and community?

On Sunday June 29, 2013 the members of St. Albert the Great Council # 7925, Huntingdon Valley, PA presented Msgr. Paul Dougherty with a gift recognizing his years of service to St. Albert the Great Parish and the Council. Msgr. was moving to a new assignment the next day. Msgr. Dougherty was the first new knight to join the Council after the name was changed in 2009. The agreement was that if Msgr. joined the Council—the name would be changed to represent the parish!

The members of St. Albert the Great Council wish him every success and will keep him in their prayers!
