

State Squires support St. Jude Children's Research Hospital

State Chief Squire Robert Bratina, on behalf of immediate past State Chief Squire Brett Becker, presented a check for \$4,000 to Saint Jude Children's Research Hospital representative Brittany Clark, on behalf of the Squires of the State of Pennsylvania. The monies were raised by circles throughout the state. The State Circle under Past Chief Squire Ben Jagger adopted St. Jude Children's Research Hospital as a Squires state project in 2010. Circles raising a minimum of \$100 for St. Jude's are recognized for their contribution to the state project. Plaques or a year tag are awarded to all circles which support the project annually. Twelve circles received the awards at the State Squires Convention in 2014.
